

NovaTech Systems - Technical Specifications Sheet

System ID: NT-2026-X149

Document Type: Technical Overview & Verification Specs

1. Core Architecture

- **Framework Standard:** HTML5 Core Compliance
- **Layout Structure:** Multi-Column Grid System
- **Primary Focus:** High-Performance Form Controls & Dynamic Media Handlers

2. System Hardware Benchmarks

- **Processing Unit:** Octa-Core Tech Processing Engine
- **Memory Optimization:** 16GB High-Speed Data Bus
- **Media Render Engine:** Native HTML5 Video & Audio Rendering API
- **Security Encryption:** Local Verification & ID Validation

3. Author / Student Verification

- **Developer Name:** NovaTech Systems Admin
- **Register Number:** URK24CS1149
- **Department:** Computer Science & Engineering
- **Course:** Web Technology Laboratory (WT LAB)
